

What to Do When a Student Reports Sexual Violence, Relationship Violence, and Stalking

1. LISTEN

Listen without judgment and offer your support. *"I'm sorry that this happened. I appreciated your telling me and would like to help. Is there anything I can do that would be most helpful to you right now?"*

Inform the student early in your conversation that while your conversation will be private, it will not be confidential, given your status as a Responsible Employee. Explain that the College takes these matters very seriously and after your conversation, you will be calling the Title IX Coordinator who can help and provide further assistance if required.

Ask about their Safety.

Do not ask questions or try to make a judgement about the incidents. You are not the investigator.

2. PROVIDE

Ensure the student's safety and wellbeing by providing the student with resources on and off campus, as well as their reporting options.

Inform of the importance of preserving any evidence and seek medical attention.

If you have experienced any form of interpersonal violence or sexual assault, it is important to preserve any evidence and seek medical attention. Call 911 for ambulance services.
