Tips on How To Stay Motivated After Spring Break

Keep on top of what you have to accomplish to help you stay motivated:

- Start by looking at what assignments you have due between now and the end of the semester.
- Make a to-do list. Put your hardest or least enjoyed task first to get it over with.
- If you have been having trouble in a subject, get help at ACE now, while there is still time to improve.
- Allow yourself plenty of time to study for finals and for finishing any big papers.
