

**Pre-Radiologic Technology Advising Plan**  
**Naugatuck Valley Community College**

Name: \_\_\_\_\_ Banner: @ \_\_\_\_\_

**Admission Requirements**

\_\_\_\_\_ ENG 101 - Applicants to this program must demonstrate readiness for ENG 101 (Composition) before the application deadline date.

\_\_\_\_\_ Minimum 2.5 GPA based on the courses that meet the admission and program curriculum requirements AND all sciences taken within 5 year timeframe.

**Taken Within 5 Years of Beginning the Program<sup>†</sup>**

\_\_\_\_\_ MAT 136 or MAT 137 Intermediate Algebra or equivalent (or placement into MAT 172 or higher); or high school algebra II with a grade of "C" or better ALONG WITH SAT/ACT score above intermediate algebra.

\_\_\_\_\_ BIO 105, BIO 115, BIO 121 or equivalent (must be with lab).

\_\_\_\_\_ Second Science (e.g. any BIO, CHE, PHY, etc.). May also be one of the General Education science requirements listed below. High School science courses are acceptable with a grade of "C" or better.

**Application Information**

- Application period is October 1 through January 15th for the following fall semester start.
- All pre-requisite and General Education Core classes require a minimum grade of "C".
- Current, **official transcripts** from all prior colleges attended are required **regardless of age or applicability to program**. This includes courses taken in high school that earned college credits and AP transcripts if using for an admission requirement.
- Completion of this plan does **NOT** guarantee acceptance or admission into the Radiologic Technology Program.
- Students are advised to review thoroughly the current program fact sheet and meet with an advisor when choosing classes to prepare for this highly selective program.

For more information, visit the program page on our website at [www.nv.edu](http://www.nv.edu)

**General Education Requirements**

The following general education requirements may be taken while enrolled in the program; however, students are encouraged to complete as many as possible before beginning the program to increase ranking and successful completion of the program.
