Non-credit Lifelong Learning
Welcome! Jobs start here! nv.edu/nc

Getting a job in today's employment market requires knowledge and skills. Our non-credit programs can help you gain knowledge and develop the skills that employers are looking for right now. We offer a wide variety of courses, seminars and workshops for professional development, career training and new technologies. Courses start throughout the year and prepare you for positions in high growth fields! Career certificate programs vary from 8 hours to 15 months; most are less than 4 months.

Mission Statement:
Our mission is to support community and economic development by affecting positive change in our communities. We collaborate with community partners to respond actively to the changing workforce needs of our region. We empower individuals and businesses through quality education and training. We enrich lives with lifelong learning personal and professional development opportunities.

Accreditation:
Naugatuck Valley Community College is accredited by the New England Association of Schools and Colleges, Inc. through its Commission on Institutions of Higher Education.

Look for the E-Learning logo throughout our catalog for online, distance learning courses.

NVCC Learn 2 Earn!  nv.edu/nc  •  203-575-8029  •  nc@nv.edu
We offer a number of options that can help you pay for your education. Tuition is due at the time of course registration. Non-credit lifelong learning courses are self-supporting and are not funded by taxpayer dollars. Costs vary and state law does not allow us to exempt senior citizens.

**NVCC Payment Plans**

Payment plans are available for most job training programs. The plans divide the total cost into two or three payments. Tuition must be paid in full prior to completion of the course and are subject to a $25 fee for plan initiation and $15 late fees when payments are not received on time. Please check the individual program pages or contact 203-575-8029 for payment plan availability and details.

**Tuition Authorization**

Some employers, professional organizations, and religious groups will pay for an employee or member to enroll in a lifelong learning program. A tuition authorization letter must accompany the student registration. This letter must be on organizational letterhead and include: the student name, course(s) title(s) and number(s), name of the responsible party, where the invoice should be sent, and a statement of promise to pay noting the tuition amount.

**Employer Reimbursement**

Your employer may provide educational reimbursement programs to their employees. Check with your human resources director to see if you qualify for tuition reimbursement within your organization.

**Federal & State Financial Aid**

Federal financial aid does not support non-credit programming. The Department of Labor and the Northwest Regional Workforce Investment Board administer a variety of programs for unemployed, underemployed, displaced workers, youth, and others. Please contact the American Job Center in your area directly to see if you qualify. Waterbury: 203-574-6971 or Danbury: 203-730-0451

**Veterans' Benefits**

Veterans' benefits vary. If you are interested in using veterans' benefits for your non-credit program please contact: Debbie DiCicco at 203-575-8006 or ddicicco@nv.edu.

**Private Lending Institutions**

Personal student loans may be offered through private banks and credit unions. You will want to check with your own lenders about specific plans and loan rates and be sure this will meet your needs.
Program Information • Job Placement

Program Information Sessions FREE!
These free sessions are offered to provide you a chance to come explore the numerous short-term job training programs that are offered at NVCC. Bartending

Professional Bartending with S.M.A.R.T. Certification

Bartending offers an opportunity to start a new career or a chance to supplement your income with a part-time position. This professional bartending course includes the state and national S.M.A.R.T. certification (Servers and Managers Alcohol Responsibility Training) recognized by the Connecticut Department of Liquor Control and police departments. Servers of alcohol are taught to serve responsibly, how to spot signs of intoxication and how to respond appropriately. Students will learn to make more than 100 drinks, from gin and tonics to daiquiris. Instruction focuses on opening and closing procedures, product knowledge, speed of preparation and people skills.

Upon successful completion of the course, students receive a certificate and will have acquired the skills employers require to work in any environment that serves liquor, including restaurants, clubs, hotels and catering companies. Cost includes the textbook and materials. No alcohol is served in this course. Bring your lunch.

Career Spotlight
Bartender

The Connecticut Department of Labor (CTDOL) reports the average annual income for a Bartender is $20,695. The CTDOL lists Bartenders as an In Demand Openings job and states employment in this occupation is expected to grow faster than average, and the number of annual opening will offer very good job opportunities.
Boating Safety

Safe Boating/Personal Watercraft
This course is designed to fulfill the requirements for the Connecticut Safe Boating and Personal Watercraft Certificate. Successful completion will allow the student to obtain a Connecticut Certificate of Personal Watercraft Operation, which enables them to operate recreational vessels up to 65 feet in length, including Jet Skis. Course fee does not include the one-time lifetime license fee. Prior to taking a boating class, each student must obtain a conservation number. See instructions on this page.

CRN 7158 1 session
Saturday, August 8
8:30 am - 4:30 pm • Rm: T515 $89

HOW TO OBTAIN A CONSERVATION NUMBER
Prior to taking the Basic Boating/Personal Watercraft, each student must create an online account at www.ct.wildlifelicense.com/internetsales and obtain a Conservation ID.

• Read, scroll to bottom of page and click the START button.
• Create an account.
• Print the page that includes your Conservation ID number and bring it to class.
• Once your score is entered into the DEEP system, you will use your account to purchase and print the certificate after class.

English as a Second Language (ESL)

Are you new to the U.S.A.?
Do you need to refine your English skills for the workplace?
Are you preparing to take classes in the U.S.A.?

Naugatuck Valley Community College has what you need!

Our English as a Second Language program is designed for students whose native language is not English. It endeavors to help students attain a level of proficiency in English that will enable them to reach their academic, career or personal goals.

We offer grammar, oral communication, pronunciation, and reading and writing courses at the beginning, intermediate and advanced levels.

Placement tests determine the appropriate level and course for you. The testing consists of two parts: a computerized LOEP (Level of English Proficiency) test and a writing sample.

Personal Fitness Trainer Orientation

*Online format! FREE!*

Choose one:

Wednesday, April 1, 4:00 pm  
Wednesday, May 6, 12:00 pm  
Wednesday, June 3, 4:00 pm

Learn what it takes to become a Personal Fitness Trainer. Take this orientation online from home. One of our veteran instructors will paint a clear picture of what to expect in the course and what great rewards await you in this field. You will be able to ask questions and participate in a live chat with our instructor. This is accessible as an online meeting or an audio conference only. Please go to our web page at nv.edu/fitness for special access information and password.

Career Spotlight

**Personal Fitness Trainers**

Careers in fitness and well being are in demand. According to the Connecticut Department of Labor (CTDOL) employment opportunities and jobs will increase 26.6% between 2012 and 2022 in this mid-level skills field.

Employment in this occupation is expected to grow much faster than average, and the number of annual openings will offer very good job opportunities. The average income is reported as $40,863 annually.

Want college credit?

Students who successfully complete all course requirements and receive certification may be eligible to receive 3 lower level academic credits through the American Council on Education (ACE).

For more information, go to the ACE website at: http://www2.acenet.edu/credit and search for World Instructor Training Schools on the ACE CREDIT Evaluated Organizations list. Transfer of credit is at the discretion of the receiving school and is not guaranteed.

Personal Fitness Trainer Certification

Come join this fun profession and be a part of what Fortune Magazine & ABCNEWS.com state is the 4th hottest job in the U.S. at a national average of $34 an hour. Employers like 24 Hour Fitness, LA Fitness and Gold’s Gym are just a few of the club groups that seek out our graduates. Whether for a career or your own personal knowledge, get all the information you need to become a Certified Personal Trainer.

- This challenging course is taught over a 9-week period for better retention and skills competency.
- The National World Instructors Training School (WITS) exam is held on the 9th week.
- This course is formatted as a 62-hour program, comprised of 16 hours of lecture, 16 hours of hands-on practical training and a 30-hour professional practice experience (PPE).
- WITS provides a list of PPE facilities or you can find your own and get it approved through a simple process.
- Key topics include biomechanics, exercise physiology, fitness testing, equipment usage and health assessment.
- CPR/AED certification is needed to receive the WITS certificate. Offered in Fall 2015

Health Care • Basic Life Support

Basic Life Support - Health Care Providers
In this classroom-based course, healthcare professionals learn to recognize several life-threatening emergencies, provide CPR to victims of all ages, use an AED, and relieve choking in a safe, timely and effective manner. Participants who successfully complete the written exam and skills validation will receive an American Heart Association BLS for Health Care Providers card, valid for two years. The textbook is included in the price of the class and should be picked up during the week prior to class in Kinney Hall, Room K407 or at the Danbury Campus Administration Office. Please be on time or you may be turned away at your own expense.

This course meets most healthcare employers' requirements for formal BLS evaluation and is a prerequisite to many health care education programs, including those at NVCC. Required course for the PCT program; Included in the PCT Fast Track and Phlebotomy Technician programs.

Central Sterile Processing Technician

This entry-level health care career program prepares the student for work in a hospital, surgical center, or other facility that utilizes a central sterile supply department. Central Sterile Processing Technicians are responsible for the sanitation, packaging and distribution of surgical instruments.

This program includes such topics as: anatomy and physiology; microbiology and infection control; decontamination and sterilization processing; and how to handle, care for, and identify surgical instruments. A tour of the Central Sterile Processing Department at an area hospital is included. A textbook is included in the price of the course.

National certification exams are available and will be described in more detail in class. The Medical Terminology course offered on page 20 is recommended but not required.

Prerequisite: Students must provide proof of a high school diploma or GED at registration.

CRN 7194 12 sessions
Tuesday & Thursday, July 21 - August 27
6:00 pm - 9:15 pm • Rm: E315
Instructor: Deborah Pennell $1,070

Career Spotlight

Central Sterile Processing Technicians

The current job market calls for Central Sterile Processing Technicians not just in hospitals, but also places like surgical centers, endoscopy offices, dental offices and even travelling opportunities for temporary assignments. This course will prepare you for national certification that many area employers are requiring for employment.

Many employers require national certification by a professional organization as a requirement for hire or for a new employee to have the certification within a limited time from their start date. For information about certification options and career and job opportunities please view these professional organization websites:

International Association of Healthcare Central Service Material Management: www.IAHCSMM.org

Here is what our students say...

“This class was excellent! Not only was the teacher fantastic, but so were my classmates. I have learned so much.”

Catherine Hanley, NVCC Student
Central Sterile Processing Technician

Approved for WIA Funding
Health Care • Essentials

Computers & Electronic Medical Records in Health Care
Technology is an integral part of health care. Take a patient's blood pressure and then record it in the electronic medical record. Answer the phone in the health care provider's office and enter the new appointment in the computer schedule. Assist the resident with range of motion exercises and document it so the physical therapist will know it was completed. This course will review the basic skills required to operate a computer and introduce you to the practical applications used in health care today. This class is included in the PCT Fast Track and Phlebotomy Technician programs.

Select one of the following sections:

CRN 7160 3 sessions
Monday, July 6 - July 20
5:30 pm - 9:30 pm
Rm: E402

Basic Math for Health Care
Fractions, percentages, converting measurements and solving simple formulas are all basic skills needed to succeed in any health care role. Join your peers in this 6-hour review of basic math skills. You will practice solving everyday math problems taken directly from the Central Sterile Processing Technician, CNA, PCT, Pharmacy Technician and Phlebotomy Technician programs. This course is designed to review and refresh your math skills to get you ready to hit the ground running when you start your program. For the best results, please register for this program prior to the start of your course.

Prerequisite: Enrollment in a non-credit health program is required for participation in this review.

Health Care • Medical Coding and Billing

Medical Coding and Billing Specialist

Coming Fall 2015!

Do you envision working in the healthcare field, but not directly with patients? Medical Coding and Billing might be just the career you are looking for. Employment prospects for Medical Coding and Billing Specialists remain strong. Our graduates are employed in a variety of settings including: physician offices and clinics, medical group practices, managed care companies, insurance companies, hospitals and other healthcare facilities.

Now is the time to explore this meaningful health care career and be prepared to start with the next cohort in Fall of 2015. Begin by checking out the information at nv.edu/medicalcoding. Registration is expected to begin in mid July. This will give you time to arrange your schedule and determine your payment plan. Financial aid is not available for this non-credit program. Hope to see you this fall.

Career Spotlight

Medical Coding and Billing Specialist

Medical Secretaries and Billing and Posting Clerks are listed by the Connecticut Department of Labor (CTDOL) as Hot Jobs. The average annual income for these careers is $38,114 - $40,618. The role of Medical Billing and Coding Specialists is undergoing dramatic changes with the implementation of ICD-10 coding criteria and the federally mandated compliance with electronic medical records. Our area employers state they are poised to grow and will strongly value the applicant with current knowledge of the industry standards. National certification is also available from recognized professional organizations. Information will be provided in class.

American Health Information Management Association: www.ahima.org
The Professional Association of Health Care Coding Specialists: www.pahcs.org
AAPC (American Association for Physician's Coding): www.aapc.com

ICD-10-CM

Coming Fall 2015!

On October 1, 2015 all HIPAA covered entities will transition to the ICD-10-CM. This transition means substantial changes in your practice’s day-to-day coding and provider documentation procedures.

Did you miss our ICD 10 training for current medical coders, billers, and secretaries offered this past May? NVCC is offering another opportunity for you to get the knowledge you need and get you accurately coding with the new set of codes. Join other colleagues starting in October for a 6 week seminar course that will provide a comprehensive study of ICD 10 CM. Specificity and correct coding procedures and techniques will be stressed. $370

Class dates and Registration will be available on July 7.
Health Care • Nurse Aide Certification (CNA)

Certified Nurse Aides care for people in their homes, long-term care facilities, hospitals, physician offices and clinics. You will participate in classroom discussions and lectures, have a chance to try out new skills in a safe and comfortable environment in our simulated labs and then go on to gain experience in a clinical setting. Registered nurse instructors will facilitate your learning in all areas. After successful completion of our program you will be well prepared to take the State of Connecticut Nurse Aide Competency Exam given on site and included in the cost of the course. NVCC’s annual Connecticut State Competency Exam pass-rate exceeds 98%.

Important course and student information:
• Please visit our website nv.edu/cna or call 203-575-8029 for an information packet and detailed course calendars. Due to weather and other unforeseen circumstances, some variations in dates and times may occur in each schedule.
• Federal and State-mandated attendance requirements must be met.
• A textbook will be provided for your use for the duration of the class at no additional charge.
• A workbook is included in the cost of the course and will be provided in class.
• A health screening and up-to-date immunizations are required by the second week of class.
• Students are responsible for their own transportation to and from clinical location. Some but not all clinical facilities are located on a bus line and availability is not guaranteed.
• Documentation must be in the form of a completed NVCC CNA Health form. This form can be downloaded at nv.edu/cna.
• A criminal background check is required of all students entering the program. Cost is included in the course fee.
• Students with criminal convictions may have difficulty finding employment, especially in health care and may be denied clinical placement. Felony or misdemeanor offenses may prevent you from participating in clinical and mandate withdrawal from the program. No course refunds are available in this situation. Please consult the program coordinator prior to registration if you have any concerns.
• The Connecticut State Competency Written and Skills Exam is administered on-site and is included in the cost of the course.

Here is what our students say...

“I really enjoyed the course (CNA) I took at NVCC. I learned so much that really helped me figure out just how interested I am in nursing. if I have another chance, I’ll definitely take another course.”

Denise Franklin, NVCC Student
Nurse Aide Certification

See pages 23 and 24 for FAQs.
CNA Frequently Asked Questions (FAQ)

There are other CNA programs. Why NVCC? Are they all the same?
NVCC is proud to offer one of Connecticut’s largest, oldest and most respected CNA programs. All of our instructors are experienced Registered Nurses. We more than meet the minimum standards set by the State. You will get more hours of practice in our health lab and more supervised time working with residents in the clinical setting. Our program includes one opportunity to sit for the on-site Connecticut Nurse Aide Competency Exam and is included in the cost of the course. Students will attend classes in a college setting and have access to college support resources, including the library and Job Placement Center. A graduation ceremony is held for all successful participants and graduates are awarded completion certificates and a custom-designed NVCC CNA pin to wear proudly on their uniform. We hope that you decide to join us. You will be happy that you did!

I have a criminal record. May I register for the CNA course?
Those with a criminal record may have difficulty finding employment in the health care field at any level. A criminal background check is done for all students registered in the program during the first week of class. Students who do not pass the background check will not be admitted to the clinical facility and will be withdrawn from the program at their own expense. No refunds are awarded for withdrawal because of failure to pass the background check. Please consider this carefully before registering.

My certification has lapsed. What should I do?
Call the Department of Public Health, Nurse Aide Registry, at 860-509-7596. You may be required to either take the CNA course again or to retake the State certification exam.

I am certified in another state. How can I work in Connecticut?
Call the Department of Public Health, Nurse Aide Registration at 860-509-7596 for information about obtaining Connecticut credentials.

Can I pay for tuition in smaller payments?
Yes, we offer a tuition installment plan which allows you to pay in two or three payments. The specific payment amounts and dates are listed in the plan. Call 203-575-8029 to have one mailed to you or print one online at nv.edu/cna.

Can I get financial aid for the CNA course?
Sorry, federal financial aid is not available for any of our non-credit courses. You may qualify for educational funding through the Department of Labor’s One Stop Center if you meet income and employment criteria. Please contact them in Waterbury at 203-574-6971 or Danbury at 203-730-0451. Some area employers offer tuition reimbursement; please check directly with your employer. As noted above, we also offer a convenient NVCC tuition installment plan that allows you to pay for the course in installments.

FAQ's continued on page 24.
CNA Frequently Asked Questions (FAQ) (continued)

I want to be a nurse. Do you have a nursing program?
Yes. Many students pursuing a career in health care begin with the CNA program while earning money to continue their education. NVCC has an associate degree program preparing you as a Registered Nurse. Call the Admissions Office at 203-575-8040 or go to nv.edu/nursing for more information.

How can I get information about CNA courses at NVCC?
1. Visit us online at nv.edu/cna to view or download detailed course calendars, tuition installment plan and health form (CNA information packet).
2. Call 203-575-8029 or email nc@nv.edu to request a CNA information packet be mailed to you.
3. Visit Kinney Hall, Room K407, on the Waterbury Campus or NVCC Danbury Campus, 183 Main Street, to pick up a CNA information packet.
4. Attend one of our free information sessions. See page 4.

I am ready to sign up! How can I register for NVCC CNA or PCT Courses?
1. Call 203-575-8029 (Waterbury) or 203-797-9361 (Danbury) for information on how to register over the phone, by mail, fax or walk-in.
2. Email nc@nv.edu for any questions about registration.

Career Spotlight
Certified Nurse Aide
The Connecticut Department of Labor (CTDOL) reports the average annual income for Nursing Aides, Orderlies, and Attendants is $32,188 with a mean hourly rate of $15.48. The CTDOL lists Certified Nurse Aide as a Hot Job and states employment in this occupation is expected to grow about as fast as average, and the number of annual openings will offer excellent job opportunities.

It is mandated that for employment, all nurse aides must be listed on the Connecticut Nurse Aide Registry. Successful completion of the Connecticut Nurse Aide Competency Exam is required for registry. The exam is given on site and included in the cost of the course.

Still Have Questions?
Still not sure what healthcare program is right for you? Come to a free Program Information Session designed to answer those questions and many more. See page 5.
Health Care • Patient Care Technician (PCT)

The Patient Care Technician (PCT) Certificate Program is an exciting opportunity for you to start your healthcare career or advance your skills, earn a better salary and have more job options in a changing work environment. PCT’s are valued members of many health care teams. They work in hospitals, rehabilitation settings, physician offices, clinics, and long-term care facilities. The PCT will expand the knowledge and skills of the nurse aide to care for patients with complex and sometimes acute diagnoses. Learn the art and science of drawing blood specimens, accurately recording an electrocardiogram, and working within a sterile field used for surgical procedures.

The Patient Care Technician Certificate Program is a series of courses, including Nurse Aide Certification (CNA), which prepares you to enter the health care profession and care for a variety of patient populations. The courses may be taken on a part-time or full time basis in Waterbury or Danbury. Choose the pathway and schedule that fits your goal. Need help deciding? Attend a free Program Information Session (page 5).

PCT Fast Track
If you are ready to get going and want to finish quickly, then you should register for the PCT Fast Track. The schedule provides you with all the required courses and two electives (Medical Terminology and the Hospital Clinical) in a preset calendar to have you job ready in just months. The Fast Track also includes Computers for Health Care and Math for Health Care as part of the program. Students who already have their CNA may request to join the Fast Track schedule at a reduced rate. Please contact 203-575-8029.

PCT "á la carte"
Some students wish to pursue courses at their own pace and choose their own plan. This allows students to plan courses around other commitments. Not all courses are offered each semester. Course schedules often rotate between day and evening sessions and between Waterbury and Danbury locations. PCT courses can also be taken individually to add to your skill set, for example a CNA working in a physician’s office might take the EKG and Pulse Oximetry Skills class.

Required Courses:
- Advanced Patient Care Skills .........................**
- BLS - Basic Life Support ..................................17
- Computers & EMR in Healthcare .....................19
- Customer Service and Communication in Health Care.........................................................20
- EKG & Pulse Oximetry Skills .............................**
- Nurse Aide Certification (CNA) ................... 22-24
- Patient Confidentiality ..................................20
- PCT Orientation ...........................................27
- Phlebotomy for the PCT .................................27
- Rehabilitation Skills .....................................**

Electives: Choose 2:
- Alzheimer’s and Other Cognitive Changes in the Elderly ....................................................**
- Behavioral Health ...........................................**
- Caring for the Pediatric Client .........................28
- Care of the Growing Family ..........................**
- Compassionate Care for the End of Life ........**
- Hospital Clinical ..........................................28
- Medical Terminology .....................................20

** In future semesters
Health Care • Patient Care Technician (PCT)

Why PCT at NVCC?

Student Success is Our Expectation!

- Our experienced faculty are experts in their fields and ready to support your learning in the classroom and the clinical setting.
- The program content was created in collaboration with area employers to assure you learn the knowledge and skills employers are seeking.
- The curriculum is designed to provide you with a breadth of patient care skills that give you a broader arena in which to seek employment.
- Students enjoy the resources and support of the College community.
- The Job Placement Center is available to assist you in your job search. Tune up your resume, post to our jobs board, practice your interviewing skills and find the opportunities available to you.
- The Academic Center for Excellence and the Max R. Traurig library are available on the Waterbury and Danbury Campuses.
- Choose the course schedule that meets your life and learning styles. We offer Fast Track and a à la carte options as well as day and evening classes.
- Individual certificates are awarded at the completion of each course; giving you documentation of your competencies as you earn them. Take these along to job interviews.

PCT Fast Track

This program is designed to get you job ready in just months. Start with an orientation to the job role, earn your Nurse Aide Certification (CNA) and culminate in a hospital clinical experience. In this PCT Fast Track program, you and your classmates will take a prescribed schedule of classes designed to give you a strong background that is desired by employers in our area. Students who already have their CNA may request to join the Fast Track schedule at a reduced rate. Contact 203-575-8029.

Full course calendars are available at nv.edu/pct

- Federal and State-mandated attendance requirements must be met.
- Due to weather and other unforeseen circumstances, some variations in dates and times may occur.
- All students are required to have a background check prior to clinical participation. Cost is included in the course fee.
- Students with criminal convictions may have difficulty finding employment, especially in health care, and may be denied clinical placement. A criminal background check is required of all students entering the program. Felony or misdemeanor offenses may preclude you from participating in clinical and mandate withdrawal from the program. No course refunds are available. Please consult the program coordinator prior to registration if you have any concerns.
- Textbooks are included in the cost of the course.
- Graduates receive a custom-designed NVCC PCT pin.

Prerequisites:

- A high school diploma, GED or equivalent
- A health screening and up-to-date immunizations are required by the second week of class. Documentation must be in the form of a completed NVCC CNA Health form. This form may be downloaded at nv.edu/pct.

Care of Pediatric Client
Children are not “little adults” and require special care. This course will provide information and skills needed to effectively assist in the nursing care of infants, toddlers, school age children and adolescents. Students will participate in lecture, discussion and skills lab. Topics include:

• growth & development
• safety devices
• assisting in pediatric procedures
• recognition of neglect & abuse
• family-centered care

A textbook is provided.

Elective for the PCT Program

CRN 7153
Tuesdays, July 7 - August 4
6:00 pm - 9:00 pm • Rm: E527
Instructor: Linda Carosella, APRN

Hospital Clinical

Care of the Hospitalized Patient

For more information and a schedule call 203-575-8029.

This is your opportunity to explore the dynamic world of acute care in the hospital setting. Participants in this course will take their advanced care skills into a hospital setting. You will care for various patient populations: medical, surgical, orthopedic, post-partum, emergency or others during your 30-hour clinical experience.

Prerequisites: Documentation of prerequisites must be provided to the Office of Non-Credit Lifelong Learning in K407 prior to the first class.

• Current CT CNA Certification.
• Current health screening (within 1 year) that includes: Up-to-date immunizations, negative TB documentation and proof of flu vaccine.
• Health care provider’s signed statement that the student may participate in the course activities without restrictions. NVCC health form is available at nv.edu/cna.
• Successful completion of Advanced Patient Care Skills course at NVCC.

Questions about prerequisites must be addressed before the start of the course. Contact the program coordinator, Patricia Targett at ptargett@nv.edu

An information packet, will be emailed prior to the start of class. Please be sure to provide your updated email address to be sure you don’t miss this important information. Elective for the PCT program. Register early - enrollment is limited.

Sections forming now. Please contact 203-575-8029 to be added to the "interested list." The cost of the course is $489.

Pharmacy Technician

Pharmacy Technicians are important members of the health care team. They label and fill prescriptions, order and maintain pharmacy stock levels, fill unit-dose medication carts, package and repackage medications, and deliver prepared medications, all under the direction of a licensed pharmacist. In this 60 hour course, students will learn dosage calculation, I.V. flow rate, drug compounding, and dose conversion. Textbook and instructional materials are included in the cost of this course.

Prerequisites:

- High School Diploma, GED or equivalent.
- Students with criminal convictions may have difficulty finding employment, especially as a pharmacy technician.
- High school math, including solving simple algebraic equations. A Basic Math for Healthcare refresher is available. See page 19.

CRN 7179 20 sessions
Tuesday & Thursday, June 9 - August 18
9:30 am - 12:30 pm • Rm: T652
Instructor: Michael Gumkowski $1,095

Career Spotlight

Pharmacy Technician

The Connecticut Department of Labor (CTDOL) reports the average annual income for Pharmacy Technicians is $31,252. The CTDOL lists Pharmacy Technician as an In-Demand Job and states employment in this occupation is expected to grow faster than average. The number of annual openings will offer very good job opportunities.

Pharmacy Technician Clinical

Coming Fall 2015

Explore the role of a Pharmacy Technician in the professional environment. Enhance your knowledge and improve employment opportunities by participating in the real world functions of a Pharmacy Technician in a patient care and customer setting. You will gain experience in central pharmacy functions including sterile IV compounding, narcotic vault, barcode medication identification, and unit dosing technology. Depending on your facility, you may also gain experience with automated inventory carousel and dispensing cabinets, or order entry and medical records. Duties will include inventory, labeling, preparing doses, IV sterile preparation, medication delivery and pre-packing.

Course Requirements:

- Successful completion of the Pharmacy Technician course at NVCC.
- Current health screening (within 1 year) that includes: Up-to-date immunizations, negative TB documentation and proof of flu vaccine.
- All students are required to have a background check prior to clinical participation. Cost is included in the cost of the course.
- Students with criminal convictions may have difficulty finding employment, especially in health care and may be denied clinical placement. Felony or misdemeanor offenses may preclude you from participating in clinical and mandate withdrawal from the program. No course refunds are available. Please consult the program coordinator prior to registration if you have any concerns.
- Business casual dress and white lab coat or scrubs required, depending on your placement. Students will participate in 12 hours of mandatory orientation and professional classroom training from 9am-3:30pm on 9/15 and 9/17. Professional practice experience schedules will consist of five, 6-hour shifts for 1 week between the dates of 9/21-10/16/15. The program coordinator will work with you to schedule your week and site.

Space is limited. Registration is first come-first serve and will begin in July.

Certification

PTCB Exam

All students who successfully complete the Pharmacy Technician Program will be eligible to take the Pharmacy Technician Certification Board (PTCB) exam. For more information, visit: www.nv.edu/non-credit/pharmacy-technician#4596417

Health Care • Phlebotomy Technician

Phlebotomy Technician

Do you want to be an integral member of a healthcare team? Phlebotomy Technicians facilitate the collection and transportation of laboratory specimens, process Medicare and insurance claims, and have contact with diverse population groups while assuring high quality, patient safety and demonstrating strict professional behavior.

The Phlebotomy Technician program at NVCC will provide the student with 200 hours of classroom instruction, simulated lab experience and clinical validation opportunities needed to meet the growing demands of the role of the phlebotomy technician. Our coordinator will schedule your clinical experience at one of our partner facilities:

• Danbury Hospital satellite offices:
  Southbury, Danbury, Ridgefield, Brookfield

• The Hospital of Central Connecticut, New Britain

Clinical schedules are daytime hours, typically 7:00 am - 3:00 pm, Monday through Friday for 2 - 3 weeks. Clinical hours and days may vary with the location assignment. Evening hours are not available. Textbooks are included in the cost of the course.

Uniforms, your choice of color v-neck scrub top and pants, along with clean shoes/sneakers, are required to be worn for all classes, labs, and clinical. Uniform must be washable. No sweats, spandex, or leggings will be allowed.

National certification exams are available and will be described in more detail in class. For information about certification options, please check out this professional organization website: American Society of Clinical Pathologists at www: ascp.org

CRN 7185 200 hours
Classroom: Evenings/Saturdays, June 15 - October 28
Rm: E320A
Instructor: Lisa Vacarelli, BS, SM, MT $2,999

*For detailed course calendar please visit nv.edu/phleb or call 203-575-8029.

Prerequisites:

Students must:

• Provide proof of high school graduation/GED.
• Maintain personal medical insurance coverage.
• Submit a current health screening, including up-to-date immunizations and documentation of the flu vaccine.
• Have transportation to clinical sites and daytime availability.

Career Spotlight

Phlebotomy Technician

The Connecticut Department of Labor reports employment for Phlebotomy Technicians is expected to grow faster than average, and the number of annual openings will offer very good job opportunities. The average annual wage is $36,195.

Here is what our students say...

The teachers were very professional and knowledgable. I would highly recommend NVCC to everyone and anyone that is interested in returning to school.”

Joseph Aubin

Professional Bartending with S.M.A.R.T. Certification

Bartending offers an opportunity to start a new career or a chance to supplement your income with a part-time position. This professional bartending course includes the state and national S.M.A.R.T. certification (Servers and Managers Alcohol Responsibility Training) recognized by the Connecticut Department of Liquor Control and police departments. Servers of alcohol are taught to serve responsibly, how to spot signs of intoxication and how to respond appropriately. Students will learn to make more than 100 drinks, from gin and tonics to daiquiris. Instruction focuses on opening and closing procedures, product knowledge, speed of preparation and people skills. Upon successful completion of the course, students receive a certificate and will have acquired the skills employers require to work in any environment that serves liquor, including restaurants, clubs, hotels and catering companies. Cost includes the textbook and materials. No alcohol is served in this course. Bring your lunch.

Certified Wedding Planner

Have you always dreamed of a career as a successful wedding planner? This online course will start you on your way! This comprehensive program covers everything an aspiring wedding planner needs to know to get started in the business. Whether you plan on working part-time, planning only a few weddings a year, or a full-time career, this program will provide all the tools necessary to work as a professional wedding planner or start your wedding planning business.

Ready to get started?

1. Register with the Office of Lifelong Learning, 203-575-8029.
2. Email Lisa Crick, program coordinator, for course information at lcrick@nv.edu. Include your name, mailing address, phone number, email address and the name of the course for which you have registered.

For a more detailed course description, content outline and technical requirements please visit: nv.edu/wedding

Online / self-paced 340 hours
Open Registration $1,595

Career Spotlight

Bartender

The Connecticut Department of Labor (CTDOL) reports the average annual income for a Bartender is $20,695. The CTDOL lists Bartenders as an In Demand Openings job and states employment in this occupation is expected to grow faster than average, and the number of annual opening will offer very good job opportunities.
Manufacturing

NVCC is committed to providing the educational and training opportunities for employees and potential employees that will meet the needs of manufacturers in our region. In association with the Advanced Manufacturing Technology Center, we are proud to offer courses on a variety of manufacturing topics.

Manufacturing courses will be offered this fall at W. F. Kaynor Technical High School. Topics will include Tool and Die Metal Stamping Technology, CNC Machining, Principles of LEAN, Quality Control and Inspection. If you are an employer with employees that need some additional knowledge or skills, please contact Sharon Lutkus at 203-596-2197 or slutkus@nv.edu.

Career Spotlight
Manufacturing

Manufacturers are one of the most sought-after workers in Connecticut. The Connecticut Department of Labor projects a 2.6% growth in manufacturing jobs by the year 2022 with an average of 2434 job openings annually.

For workers with experience in manufacturing, it presents an opportunity to modernize your skill sets, making you more attractive to employers in today's job market. If you’re new to the workforce, the AMMT certificate will have you confident and prepared to work in a manufacturing environment in one year. Regardless of your background, NVCC has manufacturing education to meet your career goals.
Online courses just $100 each!

Take ed2go courses from the comfort of your home or office at the times that are most convenient for you. All courses run for six weeks with two new lessons each week. Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion area, supplementary links and more.

Manufacturing Applications
Learn to apply the principles and concepts of manufacturing. Discover the nature of strategy and learn how it leads to the development of manufacturing strategy. Understand the purpose of customer demand forecasting and find out what forecasting methods are suitable for which situations.

Manufacturing Fundamentals
Learn the basic skills required to work in the manufacturing field. Discover the role of production design, process planning, and the heart of 13 different manufacturing processes. Understand why facility location and plant layout decisions are so vital and learn how job design helps you accomplish company goals and achieve worker satisfaction.

Purchasing Fundamentals
Discover and master the fundamentals of purchasing by understanding your strategic and tactical roles as a purchasing practitioner. Improve your company's bottom-line profitability by learning and implementing key concepts such as negotiation, supplier sourcing and qualification, outsourcing and make-or-buy analysis. Learn the basics of supplier partnerships, capital budgeting and green buying.

Supply Chain Management Fundamentals
You will learn which actions to take when confronted by almost any situation. You'll understand how to represent top management’s interests on the shop floor, and you'll know how to translate such initiatives as strategic planning, sales and operations planning, and new product introduction into achievable, operational plans. The course also includes essential information to help you prepare for internationally recognized supply chain and materials management certification examinations.

Six Sigma Total Quality Applications
Learn how to effectively apply the elements and methods of Six Sigma. Understand how more than 25 tools and methods relate to the DMAIC (define, measure, analyze, improve, and control) model. Determine the relationship of basic statistics to Six Sigma and learn about the Six Sigma business case including strategic planning, the voice of the customer (VOC), quality function deployment (QFD), benchmarking, and financial investment methods.

Ready to register for an ed2go course? Visit www.ed2go.com/nvcc for complete instructions.
Motorcycle Rider Safety

NVCC - Waterbury Training Site

Motorcycling is one of the most exciting forms of transportation around! Part of the thrill of motorcycling is the knowledge that you are totally responsible for every action taken, from timing each shift to keeping a keen eye out for other motorists. To understand these responsibilities and get the most from your experiences, a Rider Education Course is the place to start. CONREP is a statewide program directed by the Connecticut Department of Transportation (DOT).

We provide quality motorcycle training for new, intermediate, and experienced riders.

**Basic Rider Course (BRC):** designed to teach individuals with little or no riding experience what is involved in operating a motorcycle or scooter safely. The BRC begins with the development of the fundamental skills: straight-line riding, braking, turning, and shifting. It then expands on these basic skills into more advanced street riding techniques. This course consists of 22 hours combined classroom and on-cycle instruction, with periodic breaks. Successful completion of this course fulfills the requirements of the State-approved Basic Rider Course for licensing. On-cycle testing is completed at NVCC as part of this course. The written and vision tests are taken at the DMV. Motorcycles or Scooters and helmets are provided. Participants must have a valid CT driver's license (a motorcycle learner's permit is not required to take this course). Fee: $200

**Intermediate Rider Course (IRC):** designed for riders with some experience who are currently riding their own motorcycle/scooter. Riders will improve skills in braking, cornering, evasive maneuvers, and learn ‘street strategies’ necessary for survival. The course consists of 10.5 hours combined classroom and on-cycle instruction, with periodic breaks. Successful completion of this course fulfills the requirements of the State-approved Intermediate Rider Course for licensing. Participants must have a valid Connecticut motorcycle permit and use their own street-legal (no straight pipes) motorcycle or scooter that is registered and insured in the participant’s name. You must ride to class, no hauling bikes/scooters to class on a trailer or truck is permitted. Bikes will be inspected. You must provide proof of your current motorcycle permit, registration, and insurance card. Fee: $115

Please see page 35 for important registration and class information.

Student information packets, course schedules, registration and waiver forms are available to print online at nv.edu/motorcycle, by calling 203-575-8029 or emailing nc@nv.edu to request a packet be mailed or faxed to you.
Motorcycle Rider Safety

**Experienced Rider Course (ERC):** Even if you’ve been riding for some time, there’s always something new to learn in this 6.5 hour on-cycle course. Using your own registered, insured, street legal motorcycle/scooter (bike will be inspected) for the ERC, you will have the opportunity to fine tune your riding skills during advanced maneuvers such as stopping in the shortest distance, cornering, swerving, tight turns, and other evasive skills. Riders must provide proof of a valid motorcycle license, current registration and insurance card in the participant’s name. You must have a minimum of 500 miles, or more than 6 months riding experience. Passengers may participate in the course also. **Fee:** Rider: $85 /Passengers: $20

**Private, semi-private, and group lessons** may be scheduled by contacting the program coordinator, John Purdy at 203-575-8123 or jpurdy@nv.edu.

---

**Important Registration & Class Information:**

Registration is on a first-come, first-served basis. We must receive the Registration Form, the Liability Waiver Form, and full payment to secure your seat. All forms are available at nv.edu/motorcycle or by contacting the office at 203-575-8029 or nc@nv.edu.

Classes run rain or shine from April through November. Requests for transfer or withdrawal must be received in writing a minimum of three business days (72 hours) prior to the start of class. Full attendance is mandatory. **You must be on time for class. If you are late, you will not be permitted to enter and you will not be refunded the course fee.** In order to complete your training, you will need to register for another course section and pay the fee again.

---

**Student information packets, course schedules, registration and waiver forms are available to print online at nv.edu/motorcycle, by calling 203-575-8029 or emailing nc@nv.edu to request a packet be mailed or faxed to you.**
Online Learning with ed2go

Take ed2go courses from the comfort of your home or office at the times that are most convenient for you. The instructor-facilitated online courses are informative, fun, convenient, highly interactive, and affordable.

Prices start at $100 per course. All courses run for six weeks (with a two-week grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more.

Some courses may have prerequisites or require software to be installed on your computer before you begin the course. Check the requirements tab for each course before you register.

Courses listed throughout the catalog are just a sample of over 300 courses available. For a complete course catalog, descriptions, course numbers, pricing, outlines, and requirements visit www.ed2go.com/nvcc and click on Courses.

Course dates:
Section 1: 6/17 to 8/7
Section 2: 7/15 to 9/4
Section 3: 8/12 to 10/2

To request CEU’s for qualifying courses contact 203-596-8711 or Lcrick@nv.edu.

Ready to register for an ed2go course? Visit: www.ed2go.com/nvcc for complete instructions.
Real Estate Principles and Practices
This course is the real estate salesperson and broker pre-licensing course required by the state of Connecticut. It provides a comprehensive introduction to the real estate business for those interested in learning more about this exciting industry. You will be introduced to brokerage, listing agreements, buyer/seller representation, ownership of real estate, legal descriptions, taxes, contracts, liens, transfer of title and more.

Those students intending to sit for the state of Connecticut licensing exam must attend 60 hours and pass this course with a grade of 70 or better. You may take the Real Estate Principles & Practices course prior to 18 years of age, however you must be at least 18 years old to receive a real estate license. A high school diploma or a GED is not required for someone to obtain a real estate salesperson license. The textbooks are included in the cost of the course and provided at the first class session.

CRN 2501 22 sessions
Monday & Wednesday, May 27 - August 10
6:00 pm - 9:00 pm • Rm: T646
Instructor: Cathy Poehler $575

Career Spotlight
Real Estate
Real Estate Sales: The Connecticut Department of Labor (CTDOL) reports the average annual income for a Real Estate Sales Agent is $51,864 and employment in this occupation is expected to grow about as fast as average, but the number of annual openings will offer good or favorable job opportunities.

Real Estate Broker: The Connecticut Department of Labor (CTDOL) reports the average annual income for a Real Estate Broker is $72,759 and employment in this occupation is expected to grow more slowly than average, and the number of annual openings will offer limited job opportunities.

Attention Brokers and Salespersons
Mark your calendars!
License Renewal is coming up in 2016. We will be offering CEU training courses for Real Estate Brokers and Salespersons coming this fall at NVCC.
Security Officer Certification with Finger Printing
This course includes lectures, small group discussion and simulated experiences as students learn about private security, search and seizure, basic first aid and many other public safety issues. Students are required to complete a written exam with a minimum score of 75%. A State-issued photo ID is required in class and it is suggested that students bring lunch.

Upon successful completion, to be eligible to obtain employment, students will need to apply for a Security Officer Identification Card from the Connecticut Department of Public Safety, for an additional fee (approximately $170). Applicants are required to include one set of fingerprints with their application; which will be completed in class by an authorized officer. Full application requirements will be reviewed in class. Students with criminal convictions may have difficulty obtaining State Certification and employment.

Please note that full attendance is required and you must be on time. If you are late, you will not be permitted to enter and you will not be refunded the course fee.

For more information on the Security Officer Identification Card, please visit the Connecticut Department of Public Safety website, www.ct.gov/DPS, Special Licensing and Firearms.

Career Spotlight
Security Officer
Security Officer positions are available in many businesses such as security agencies, retail stores, hospitals, schools, banks, housing complexes, and construction businesses. The industry will continue to grow as companies are becoming more creative in their service and use of manpower. The Connecticut Department of Labor (CTDOL) reports the average annual income for Security Guard is $26,924. The CTDOL lists Security Guard as a Hot Job and states employment in this occupation is expected to grow about as fast as average, and the number of annual openings will offer excellent job opportunities.

Here is what our students say...

“The instructor was very clear, helpful, detailed... great environment and I learned a lot.”

Stephanie Washington
NVCC Student
Security Officer Certification

Approved for WIA Funding
An Introduction to Teaching ESL/EFL
Discover innovative ways of teaching vocabulary and grammar, listening and speaking and reading and writing.

Creating K-12 Learning Materials
Learn how to create and self-publish workbooks, lab manuals, booklets, activity kits, visual aids, manipulatives, and other powerful instructional aids.

Differentiated Instruction in the Classroom
Improve your ability to teach diverse learners with real-world examples from elementary, middle, and high school classrooms.

Empowering Students With Disabilities
Explore common disabilities you’ll encounter in the classroom and master techniques for promoting academic, behavioral, and social skills in students with special needs.

Creating Classroom Centers
Learn how to create engaging, easy-to-maintain classroom center activities that boost independent learning while increasing small-group instruction time.

Guided Reading and Writing: Strategies for Maximum Student Achievement
Get the professional development training you need to improve student literacy as an accomplished teacher shares the secrets of turning guided reading strategies into opportunities for teaching writing.

Integrating Technology in the Classroom
In this professional development course for teachers, learn the secrets of technology integration in the classroom by gaining the skills educators need to use tools such as wikis, podcasts, and blogs effectively.

Microsoft PowerPoint 2010® in the Classroom
Learn how to motivate students and enrich lessons by bringing Microsoft PowerPoint 2010 into your classroom.

Microsoft Word 2010® in the Classroom - New!
Explore fun and creative lesson plans for introducing Word to your students.

Singapore Math Strategies: Model Drawing for Grades 1-6
Get the training you need to start teaching model drawing, the powerful Singapore Math strategy that gives word problems a visual context.

Spanish in the Classroom
Learn the essential Spanish for teachers so you can communicate effectively with your Spanish-speaking students and parents.

Teaching Adult Learners
Learn powerful techniques for reaching and motivating adult learners in today’s student-centered classroom.

Teaching ESL/EFL Grammar
Learn new methods for teaching English grammar that will both engage and challenge ESL/EFL students.

Teaching Smarter With SMART Boards
Master the use of SMART Board and SMART Notebook technology so you can create powerful interactive lessons that capture your students’ attention.
SAT Preparation

Ready. Set. Go. Prepare Now & Test Better

Anticipated SAT Test Dates: Oct. 3, Nov. 7, Dec. 5

The SAT (The Scholastic Aptitude Test) tests your knowledge of reading, writing and math. Most colleges and universities use the SAT as part of their admission process. Let our experienced educators help you prepare to do your best on test day with our math and critical reading/writing workshops. The textbook is included in the cost of the course.

Critical Reading/Writing Workshop

Reading Comprehension

CRN 7193 • open registration, online, $59

Ready to Register?

Step #1: Register for these placement test review courses by mail, phone or fax. See page 49-50 for details and registration form.

Step #2: Email to receive your course access information to: lcrick@nv.edu. Include the following:

• Student's name
• Email address
• The name of the course for which you registered
• Student ID (if known)
Welding Exploration

Welding is a specialized skill that serves a variety of industries and is used in many ways throughout the world. Career opportunities include working in:

- Welding shops
- Manufacturing of metal goods
- The petroleum and natural fuel extraction industry
- Construction
- Plumbing and pipe welding
- Plant maintenance
- Automobile manufacturing and repair
- Ship building
- Aerospace
- Railroad construction and repair
- and many more...

There are many career paths for a skilled welder and at NVCC, you can earn the qualifications you need to start your career in this exciting field! You may want to sample three common welding techniques in our Welding Processes course or pursue advanced skills and certification in specialized welding techniques. Take advantage of entry level and advanced courses in Gas Tungsten Arc Welding (GTAW), Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), and an advanced course Flux Core Arc Welding (FCAW), right here in our state-of-the-art lab at NVCC. Our advanced level courses will help you prepare for certification in accordance with American Welding Society standards. If you are not sure of what class to take or what technique will meet your career goals, please attend our free information session.

Welding Information Session - Free!
This free session is for anyone interested in learning more about the welding profession and will provide an explanation of the welding techniques offered and a tour of our state of the art lab.

Welding Certificates

Basic Gas Tungsten Arc Welding (GTAW / TIG)

GTAW, also known as TIG welding, is primarily used to weld stainless steel, aluminum, titanium and other nonferrous metals. It is used in various industries, including construction, aerospace and piping. Students will be introduced to: welding safety, electrodes, shield gases, equipment, plasma cutting, and metal selection and preparation. The required safety gear, textbook, and welding supplies are all included in the cost of this course and will be provided at the first class.

CRN 7189  15 sessions
Monday - Thursday, June 22 - July 16
6:00 pm - 9:00 pm • Rm: T403
Instructor: Joseph Demeter  $1,900

Advanced Gas Tungsten Arc Welding (GTAW / TIG)

This advanced course in GTAW/TIG welding will prepare the student for welding certification. Students will be tested in accordance with the American Welding Society (AWS) D17.1, 2F Certification. Includes the cost of NVCC certification and lab materials. OSHA 10 certification is also included in the cost of the course.

Prerequisite: Basic GTAW (TIG) or permission of the instructor.

CRN 7191  15 sessions
Monday - Thursday, July 20 - August 12
6:00 pm - 9:00 pm • Rm: T403
Instructor: Joseph Demeter  $2,230

Here is what our students say...

“The class was awesome; it gave me a quick overview of the three types of welding. Joe (Demeter) was a great instructor and kept us involved. I will most definitely be returning for more welding.”

Duplicate Non-credit Certificates
Naugatuck Valley Community College issues initial non-credit certificates at no cost to you upon successful completion of all your program requirements. You are responsible for the safekeeping of this certificate. A duplicate or replacement certificate may be obtained for a processing fee of $15. To comply with FERPA laws, all requests must be in writing and signed by the student to whom the certificate was issued. The following information must be included:

- Full name
- Name at the time of the course
- Current mailing address
- Current phone number
- Student ID or birthdate and last four digits of Social Security number
- Course or program name
- Semester and year course or program was completed
- Signature (not electronic) and current date

This process requires verification of successful program completion and may take up to three weeks. Mail the requests to:

Naugatuck Valley Community College
Kinney Hall, Room K406
Attention: Duplicate Certificate Request
750 Chase Parkway, Waterbury, CT 06708
or fax to 203-575-8243

Textbook and Course Supply Information
Many of our courses require textbooks or other instructional materials to maximize your learning. Read the course descriptions carefully for these required materials. Most textbooks are either included in the cost of the course and supplied in class or can be purchased at the George D. Yonan Memorial Bookstore at the Waterbury Campus. If you have any questions concerning course materials, please contact the program coordinator for assistance. Textbooks are not available for sale at the Danbury Campus at this time but can be ordered online. We recommend that you purchase books no sooner than 10 days prior to the start of class to be sure that it is running.

Extended Hours • Summer 2015
Monday, June 1 - Friday, June 4.... 8:30 am – 7:00 pm
Friday, June 5................................. 8:30 am – 1:00 pm

Regular Hours • Summer 2015
Beginning Monday, June 8, the Bookstore will revert to regularly scheduled hours:
Monday - Thursday • 8:30 am – 4:30 pm
Friday • 8:30 am – 1:00 pm

Textbooks can also be ordered online at: nv.edu/bookstore. Hours are subject to change.

Parking & Facilities

Parking is available throughout the campus. Watch for signs and park in student-designated spaces only. Carpooling is encouraged.

The room temperature in our buildings is subject to variation and cold drafts are common, especially in the colder months. Temperature control is not available within individual classrooms. Please dress accordingly. Many students have found layering with a sweater or jacket is necessary, even in summer.

See page 46 for directions.

Park in student-designated spaces only.
Parking for Danbury Campus: See page 46.

Naugatuck Valley Community College complies with the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”. This report contains a summary of the NVCC Public Safety Department’s policies and procedures along with crime statistics as required. Anyone wanting a copy of the report may obtain one by contacting NVCC’s Public Safety Department at 203-575-8113 or by stopping in the office, Core Building Room 122. The office is open 24 hours per day, 365 days per year.
Directions

Naugatuck Valley Community College
750 Chase Parkway, Waterbury

Route 8
Take the Danbury exit onto Rt. I-84 West, then first exit off I-84 (exit 18). Bear left to light and take a left. Go to second light for East Entrance or third light for West Entrance.

Route I-84 West
Take exit 18, bear left to light and take a left. Go to second light for East Entrance or third light for West Entrance.

Route I-84 East
Take exit 18. At light take a right and at next light take a right. Go over bridge and at light take a left onto Chase Parkway. Go to first light for East Entrance or second light for West Entrance.

Visitor parking spaces are available outside of Kinney Hall.
Students and visitors may park in any legal parking spot in the garage or open lots that is not designated as faculty or staff.

Public transportation is readily available for both locations.
Directions to New Milford VNA may be found at www.nv.edu/cna

NVCC Danbury Campus
183 Main Street, Danbury

Route I-84 West
Take exit 5. Turn right at the light onto N. Main St./Main St., CT-53, for 1.1 miles. At the intersection of Liberty and Main streets, 183 Main St. is on the left.

Route I-84 East
Take exit 5. At end of ramp, proceed through stop sign straight to light. Turn right onto Main St./CT-53 for 0.8 mile. At the intersection of Liberty and Main streets, 183 Main St. is on the left.

Parking for NVCC Danbury Campus
Free parking is available for currently registered NVCC students and teaching faculty at the Patriot Garage located on the corner of National and Delay Streets. Patriot Garage parking permits are available at the NVCC Danbury administration office.
Customer Information

Certificate Completion
Certificate requirements for completion are stated with the appropriate programs in the catalog. If you have prior experience and wish to discuss a course substitution, please contact the program coordinator. See page 43.

Changes & Cancellations
The College reserves the right to make changes to the information listed in this publication or to cancel courses due to insufficient enrollment or other reasonable causes. Full refund is made if the College cancels the course. (See refund policy.)

If a course is cancelled, you will be notified by phone, email and/or mail prior to the starting date (provided we have your most up-to-date contact information).

If your instructor cancels a class for weather-related or other emergency reasons, he or she will implement the communication plan discussed with students the first class.

College Closings & Delays
College closings due to inclement weather are announced over local AM/FM radio/TV stations, on the college website (nv.edu), on the college’s main phone line (203-575-8000) and a text message is sent to everyone who is registered through the myCommNetAlert System.

Likewise, in the event of an early closing, the same communication will occur. If the college has a delayed opening, all classes that begin before the delayed opening time will not be held that day and will be rescheduled at another time.

Danbury and off-site cancellations: If NVCC cancels or delays classes, this applies to Waterbury and Danbury Campuses as well as off-site locations. In the event of cancellation or delay of Danbury classes only, an announcement will be posted on nv.edu/Danbury or you may call 203-797-9361 for an automated message.

Discrimination
Naugatuck Valley Community College does not discriminate on the basis of race, color, religious creed, age, sex, national origin, marital status, ancestry, present or past history of mental disorder, learning disability or physical disability, sexual orientation, gender identity and expression or genetic information in its programs and activities. In addition, the College does not discriminate in employment on the additional basis of veteran status or criminal record.

The following individual has been designated to handle nondiscrimination policies regarding disability policies: Robert Divjak, Director of Facilities/Section 504/ADA Coordinator, Room C216, Naugatuck Valley Community College, 750 Chase Parkway, Waterbury, CT 06708; 203-575-8235. Financial Assistance
Non-credit courses are self-supporting and are not supported by taxpayer dollars. Costs vary. State law does not allow us to exempt senior citizens.

Educational expenses may be allowed as a tax deduction. Consult with your accountant to verify deductions. Specific information of veterans benefits, employer reimbursement, private lending institutions, tuition installments letters and NVCC payment plans are available on page 4.

Refund Policy
Withdrawal and refund requests must be received three business days (72 hours) prior to the beginning of class unless stated otherwise in the course description. Refunds are not granted after this deadline.

Telephone: 203-575-8029
Mail: Non-Credit Refunds, Room 407
Naugatuck Valley Community College
750 Chase Pkwy., Waterbury, CT 06708
Email: nc@nv.edu

If there is a course cancellation due to insufficient enrollment, students will be notified by phone, mail and/or email. Please make sure when registering that your contact information is up-to-date. We would like to offer you the opportunity to transfer to another section, if available, or to another class of your choosing. If we have not heard from you within 7 business days, a refund will automatically be processed. Please allow 2-4 weeks for processing. The person registered in our records system is the person who will receive the refund.

Students with Disabilities
If you are a student with a learning disability that may require an academic adjustment, please contact our staff at 203-575-8161. Students with all other disabilities must contact Laurie Novi at 203-575-8035. Adjustments will only be provided to those students who have completed the disabilities disclosure process. Please contact the appropriate office at least three weeks prior to the course. Failure to do this may result in a delay or inability to provide the requested adjustment(s).

Tuition Installment Plans
An Installment Payment Plan is available for many longer, more expensive programs. Please visit nv.edu/nc and the specific program page for more information.

Non-Credit Registration

Customer Information
Payment must be made at the time of registration. Registrations without payment are subject to cancellation. Students are responsible for the applicable charges should they fail to withdraw from the class(es) they have registered for within three business days (72 hours) prior to the start of class.

With the exception of walk-in registrants paying with cash, a receipt will be mailed to you upon completion of the registration process. If you do not receive a receipt within five business days, call the Cashiers’ Office at 203-575-8055.

Refund Policy - see page 47.

The College has taken steps to ensure the confidentiality of your registration information including name, address, phone number, date of birth and Social Security number. College policy is to collect student Social Security numbers as our registration system relies on them for identification purposes only. If you do not have a Social Security number by reason of foreign citizenship, please contact us at 203-575-8029.

Third-party payments - For information about paying for an employee to attend a course see page 4 or call 203-575-8029.
